In order to increase the attractiveness and quality of professional education, the district of Golub-Dobrzyn obtains external funds for development programmes for schools providing vocational education in our area.

Through the funding obtained through competitions from European Union funds, the Golub-Dobrzyn Powiat provides support for students and teachers.

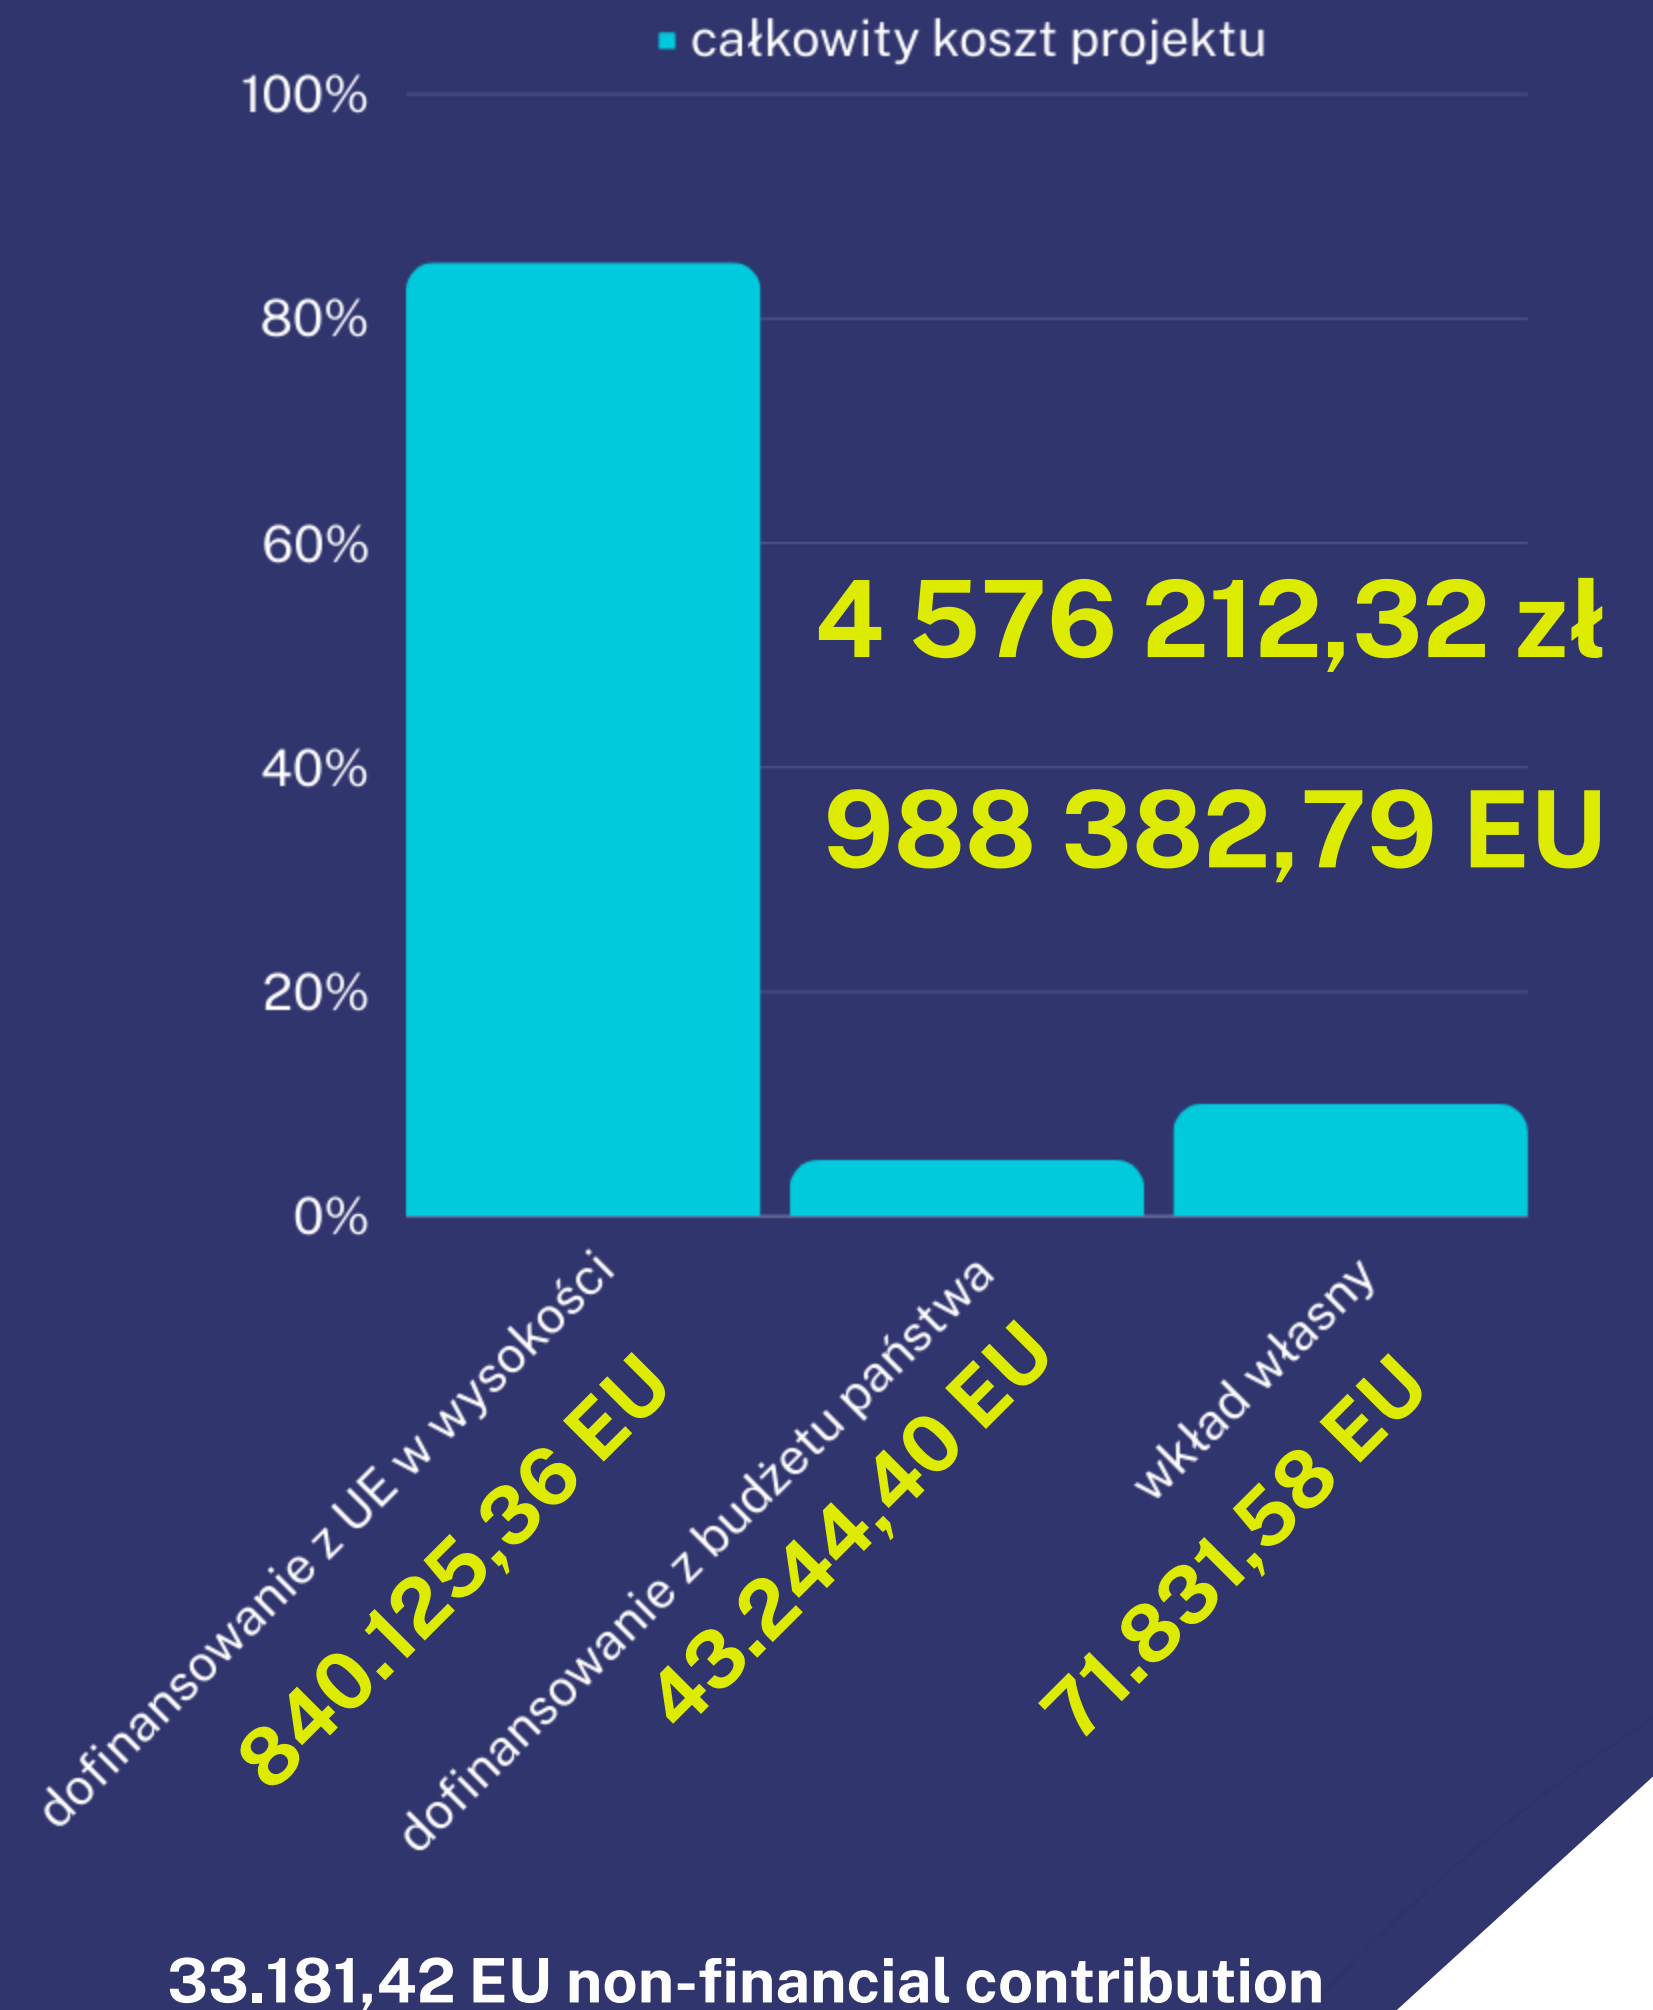

Project co-financed by the European Social Fund as part of the Regional Operational Programme of the Kujawsko-Pomorskie Voivodeship for the years 2014-2020.

**PRIMARY GOAL
OF THE PROJECT WAS:**
increasing the employability of students of schools providing vocational education, in particular by increasing the effectiveness of vocational training, as well as
by developing in students key competences and universal skills necessary in the labour market.

**Project implementation period
from 2021-10-01 to 2023-11-30**

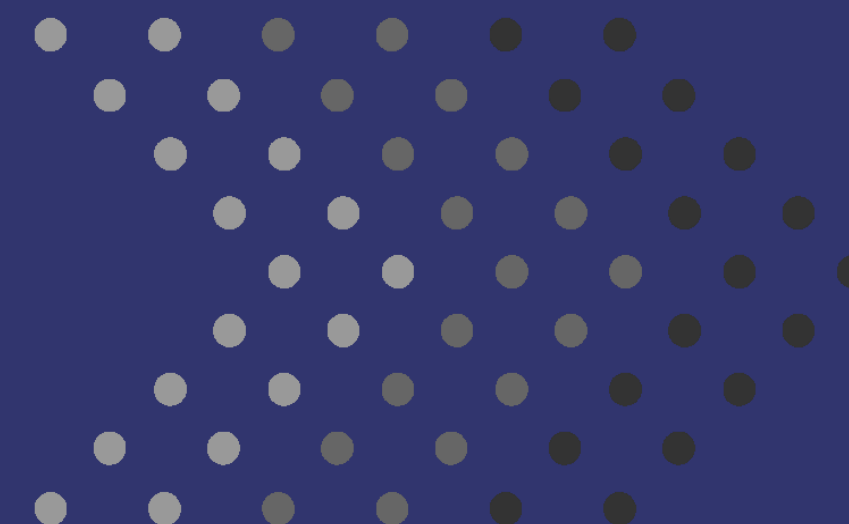

THE TARGET GROUP CONSISTED OF STUDENTS:

- Zespołu Szkół Nr 2 w Golubiu-Dobrzyniu
- Zespołu Szkół w Kowalewie Pomorskim
- Szkoły Branżowej i Szkoły
Przysposabiającej do Pracy w Zespole
Szkół Nr 3 w Golubiu-Dobrzyniu
- and practical vocational training
teachers

„We are training to be professionals - in the Golub-Dobrzyn district”.

Thanks to the funds obtained, we modernized the educational buildings of schools run by the Golubsko-Dobrzyński County.

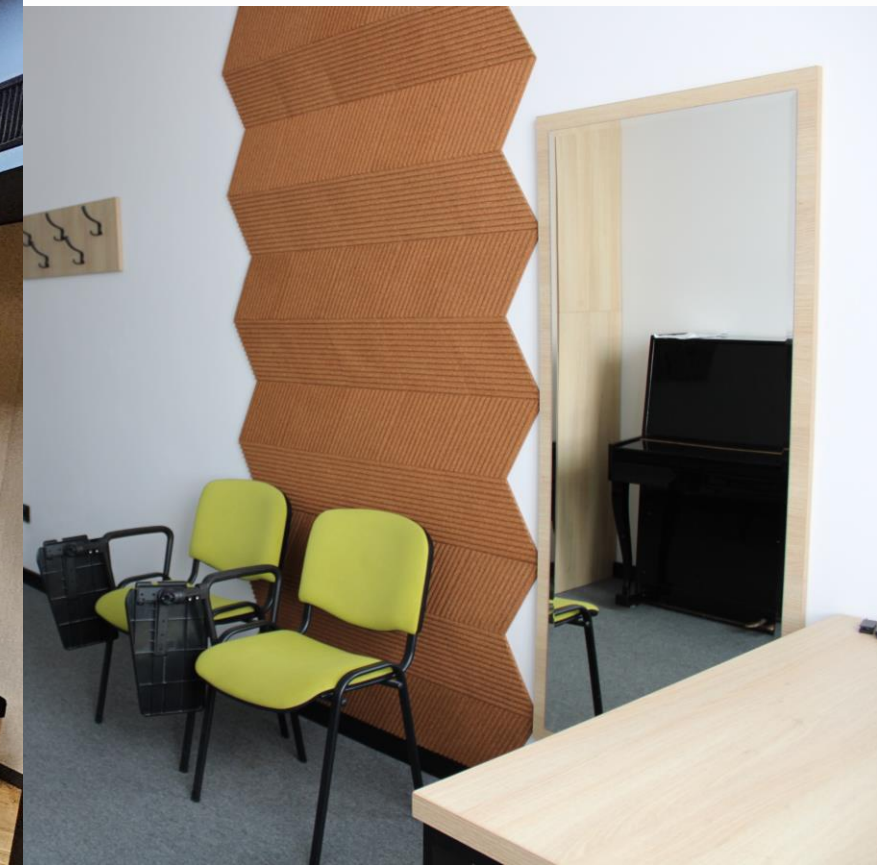

Modernisation of the educational and sports infrastructure of the School Complex No. 1 in Golub-Dobrzyń'.

The project involved the construction of a sports hall with the adaptation of part of the premises of School Complex No. 1 in G-D to the Public School of Music of the 1st degree, together with land development and adaptation of the facility to the needs of the disabled. A photovoltaic system was installed on the roof of the hall, reducing electricity costs. The implementation of the project increased the attractiveness of the largest school in the district, at which the only sports facility for secondary schools was created, which was not available at the moment.

Total value of construction works: 16,667,948.03 PLN
3.599.988,77 EU

The value of the funding from the Government's Polish Load Fund: Strategic Investment Programme
Edition I in the amount of: PLN 13,585,000.00

Thank you for your attention!

Wojciech Adamiak – Golub-Dobrzyń district councilor
