Bridging the Gap – Bruntál vision plan 2070

prof. Herbert Dreiseitl

world-renowned architect, urban planner, landscape designer from Germany, who is also a university professor and lectures at world universities (Harvard or Singapore)

BTG - begining in 2019, finish in 2023, now – action plan

An aerial photograph of the city of Bruntál, Czech Republic, overlaid with a green and blue hand-drawn sketch. The sketch illustrates various proposed developments: a large green area in the center labeled 'Černý potok' (Black Creek) with a winding blue line; a network of yellow paths connecting different parts of the city; several grey rectangular structures representing industrial buildings; and a large blue lake on the left labeled 'Kobylí rybník' (Calf Pond). Street names visible on the map include VÍMA, BROTHÁKOVA, MOTLOCHOVÁ, POD TRATI, U POTOKA, ČERNÝ DŮL, LUDICKÁ, DR. BENEŠE, OLOMOUCKÁ, DOLNÍ, VANČUROVÁ, E KRAŠNOHORSKÉ, WOLKE, and KOBYLÍ RYBNIK.

Bridging the Gap – Bruntál vision plan 2070

- POTENTIAL DEVELOPMENT OF THE CITY
- BLUE / GREEN INFRASTRUCTURE
- RESISTANCE TO CLIMATE CHANGE
- INDUSTRY DEVELOPMENT
- TRANSPORT / MOBILITY
- RECONSTRUCTION OF APARTMENT HOUSES

Bridging the Gap – Bruntál vision plan 2070

New Startups – getting trendy in
restored and inserted buildings

Bridging the Gap – Bruntál vision plan 2070

street Slezská
Example sketch of potential change

Bridging the Gap – Bruntál vision plan 2070

Square Požárníků
sketch of possible square design

Bridging the Gap – Bruntál vision plan 2070

Heavy rain is buffered
in the green structures

Bridging the Gap – Bruntál vision plan 2070

Sketch for more accessibility to the
water at Černý Potok

Bridging the Gap – Bruntál vision plan 2070

Sketch for the extension of the creek bed
from Černý potok and integration into a
new settlement area

Bridging the Gap – Bruntál vision plan 2070

Improve access and connectivity of the
shoreline to the streetscape, plant
trees for climate adaptation

Bridging the Gap – Bruntál vision plan 2070

Possible measure to increase the attractiveness of Kobylí rybník without entering the island

Bridging the Gap – Bruntál vision plan 2070

More efficient use
with a parking garage

Bridging the Gap – Bruntál vision plan 2070

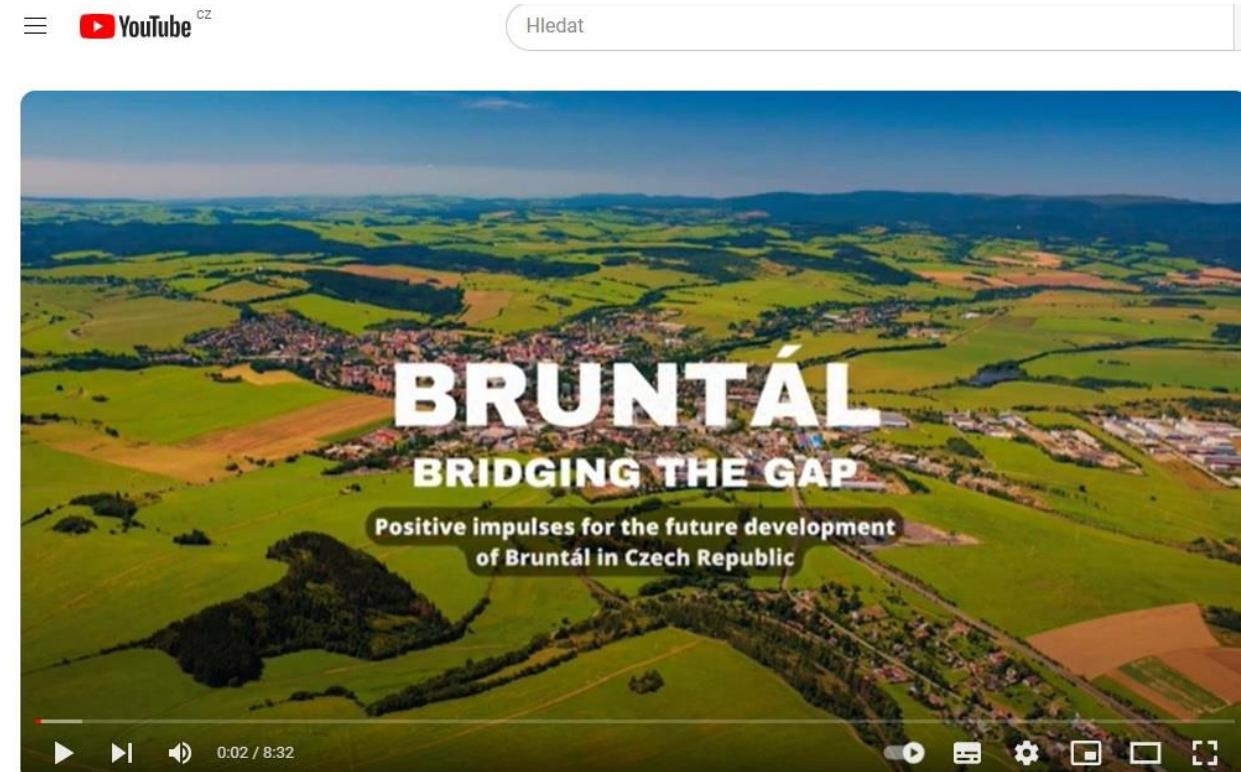

Sketch of the redesign Dr. E. Beneše
as a green ring road

Project video...

https://youtu.be/L1RdQ_Y1tPQ

The image shows a YouTube video player interface. At the top, it displays the YouTube logo and the text "Hledat". Below the video frame, there is a caption: "Bridging the Gap - Vision of Bruntál 2070" followed by "Positive impulses for the future development of Bruntál in Czech Republic". The video frame itself shows an aerial view of a rural landscape with fields and a town, overlaid with the text "BRUNTÁL" and "BRIDGING THE GAP". The video player has a progress bar at 0:02 / 8:32 and standard control buttons (play, volume, etc.). At the bottom, there is a channel info bar for "mubruntal" (92 subscribers), a "Odebírat" button, and a row of interaction buttons (like, share, download, save, more). The background of the slide features abstract blue and green wavy lines.

Thank you for your attention
